

coat-a-kid

Thousands of Oklahoma City Public Schools
students will need a new warm coat this winter.

Please help our kids by making a contribution today!

To purchase new coats for our students, at least **\$130,000** must be raised.

90%

of OKCPS families live at
or below the poverty
line.

Many Oklahoma City Public Schools families simply cannot afford warm winter coats for their children after paying other necessary bills, such as rent and utilities. Children without winter coats walk to school cold, wait at bus stops in freezing weather, or simply stay home and do not attend school.

Each year, there are thousands of OKCPS students who do not have a warm winter coat. Through the Coat-a-Kid program, every \$20 that you donate provides the warmth and comfort of a new winter coat to one OKCPS student in need. Donate today!
