

coat-a-kid

Thousands of Oklahoma City Public Schools
students will need a new warm coat this winter.

Please help our kids by making a contribution to Coat-a-Kid!

To purchase new coats for all students in need, we must raise **\$130,000**.

Without the support of our generous donors, there are thousands of OKCPS students who would experience cold weather without a coat. Many OKCPS families simply cannot afford warm winter coats for their children after paying other necessary bills, such as rent and utilities. Many of these children without winter coats have to walk to school or wait at bus stops in freezing weather, or else they would stay home and miss crucial learning time in the classroom. Through the Coat-a-Kid program, every \$20 that you donate provides the warmth and comfort of a new winter coat to an OKCPS student in need.
