THOUSANDS OF OKLAHOMA CITY PUBLIC SCHOOLS STUDENTS WILL NEED A WARM COAT THIS WINTER.

Every winter, thousands of OKCPS students do not have a coat to keep them warm, safe and comfortable during the cold months. Through the Coat-a-Kid program, every \$20 donated provides the warmth, safety and comfort of a new winter coat to an OKCPS student. To purchase new coats for every student in need, we must raise \$130,000.

HELP OKCPS STUDENTS IN NEED BY DONATING TO COAT-A-KID TODAY!

THE STATISTICS

A staggering 90% of OKCPS students live in poverty, and while their families work tirelessly to make ends meet and pay necessary bills, they are often unable to afford items like coats.

EMPOWERING ATTENDANCE

For children who have to walk to school or wait at bus stops in cold and sometimes freezing weather, a lack of a coat can be significantly detrimental to their learning experience.

HOPE FOR THE FUTURE

A brand-new coat is more than just protection from the cold. It offers a child physical and emotional warmth, confidence to socialize and succeed, and hope for a brighter future.
